Rob from Spicer Group presented

See proposal for pricing

Not limited to one grant

Spicer works with several local townships. Need to start in Aug ASAP. Should have draft complete by Dec.

Familiar with DNR scoring and can gage if it will be approved. Writing plan correctly sets up success for future grants. Goals on rec plan should be very general and could apply to more than one grant.

Acquiring new land is a possibility

Grants require matching funds

Proposal includes online survey- social media, and paper flyers. Homer twp may send out special newsletter with survey

Actions: Committee needs to decide on consultant to take to Board for approval

John to talk to Russ Varner about special board mtg to approve consultant proposal (funding)

Next Parks Committee meeting: August 5, 2019 at 6:30pm
